Finalists To Be Recognized During Annual Small Business Awards Program

AVONDALE, LA — The U.S. Chamber of Commerce announced InclusivCare from Avondale, Louisiana as one of the finalists for its annual [Dream Big Awards](#). The Awards, presented by Chase for Business with support from MetLife, celebrate the achievements of small businesses and honor their contributions to America’s economic growth.

“Over the last several months, small business owners have faced challenge after challenge. Yet, despite these challenges small business owners never stop innovating, pivoting, taking risks, working hard, and dreaming big,” said Tom Sullivan, U.S. Chamber of Commerce Vice President of Small Business Policy. “Small businesses are a critical and vibrant sector of the U.S. economy. The U.S. Chamber is proud to celebrate the very best in American small business through our Dream Big Awards.”

The [Dream Big Awards](#) program includes Business Achievement Awards to recognize excellence in eight categories and reflect the leading businesses in each of the following areas: community support and leadership, emerging, green/sustainable, minority-owned, veteran-owned, woman-owned, young entrepreneur, and small business of the year. This year’s finalists were selected from a record of over 700 applicants.

The Community Support and Leadership Award recognizes the success of one small business and honors its contributions to the growth and diversity of the American economy. This award recognizes a small business that has demonstrated an exemplary level of leadership and community engagement to assist the needs of its community, and to service the needs of its customers, employees, and neighbors during the coronavirus pandemic.

“We are super excited to be a finalist out of a pool of 700 participants from across the nation and to represent the state of Louisiana and Jefferson Parish.” - Dr. Shondra Williams, CEO, InclusivCare.

Award winners will be announced at the virtual Dream Big Awards program on Thursday, October 15 at 2:00pm ET.
